The Outer Limit Studios
Winter Park Commerce Center
3586 Aloma Avenue
Suite 14
Winter Park, FL 32792

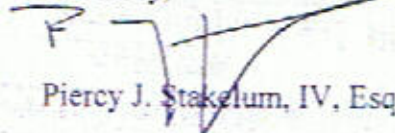

To Whom It May Concern:

I have had the pleasure of working with The Outer Limits Studios for approximately five years. The Outer Limit Studios has helped my law firm design, build, host, and upgrade our law firm's website during this period. I have always found the principals at The Outer Limit Studios to be both extremely friendly and very responsive to our support needs. Specifically, the experts at The Outer Limit Studios have always been easily accessible and ready to provide immediate assistance with technical support issues.

I also appreciate the very pro-active approach The Outer Limit Studios takes in suggesting new, cutting edge web and technological ideas to our firm. I find it comforting to know that The Outer Limit Studios brings these new suggestions to our attention for consideration, which saves me considerable effort having to research new technologies on my own to keep our law firm current.

Finally, the Outer Limit Studios has always been extremely professional in our dealings. The Outer Limit Studios provides clear, easily understood work proposals, meets all deadlines, and follows up on all remaining issues. In short, I very strongly recommend The Outer Limit Studios for your website, electronic media, and web marketing needs.

Sincerely,

Piercy J. Stakelum, IV, Esq.
